Overview

QCommission enables you to quickly calculate commission, verify results and distribute this information to your agencies, agents, brokers and staff. You can present the commission information in such a way that the sales people clearly understand what they are being paid and why they are being paid at a very detailed level. Excel and manual calculations can introduce a lot of errors into your calculations and cause your sales people to lose trust in you. QCommission can help avoid that by calculating all commissions systematically and reliably.

Calculate Accurately with Flexible Rules

QCommission provides a lot of flexibility to set up commission plans that are unique to your company and your payees.
